ABOUT ME

An Electrical Engineering Undergraduate at NUS interested in CS and the IT industry and looking to have hands-on experience in the various sectors that come under them such as the likes of Software Engineering, Data Science and Cybersecurity. Hoping to not only hone my skills but also potentially narrow down my interests even further.

EDUCATION

2019 - current • National University of Singapore
CGPA/CAP as of Y1S2: 4.59

2016 - 2017 • Catholic Junior College

EXPERIENCE

2019 **TIVLON Technologies Ptd Lte**
Data Science Intern
• Cleaned and restructured large amounts of raw CSV data
• Automated the data cleansing using Python scripts and libraries
• Visualized the data in the form of bars and charts with Tableau
• Made sense of the data using statistical and observational analysis
2019- **Hackathons and Courses**
2020 My Interests
• Participated in Shoppee's I'm The Best Coder data science hackathon
• Participating in DSTA's Cyber Defenders Discovery Camp on crytography and cybersecurity
• Various mini-projects in my Github including a simple website

SKILLS

|	
Python	Web Dev
Tableau	Data Cleaning
Excel and MS Office	Willingness to Learn
